Doubly Proven

Barre Readers Can No Longer Doubt the Evidence.

This Barre citizen testified long ago. Told of quick relief—of lasting benefit.

The facts are now confirmed. Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit. C. N. Benedict, 8 Eastern Ave., Barre, Vt., says: "Over four years ago I fell and severely injured my back. From that time on I was troubled a great deal by pains across my loins and kidneys. Stopping or lifting caused great distress and I was annoyed and inconvenienced by lameness and a dull, grinding ache in my kidneys. The kidney secretions were irregular in passage, highly colored and contained sediment. A friend, knowing how I was troubled, advised me to take Doan's Kidney Pills and I did so. This remedy relieved the pains through my back, regulated the passage of the kidney secretions and greatly improved my condition. Since then I have occasionally used Doan's Kidney Pills and have always been benefited by them." (Statement given Sept. 30, 1908.)

A Second Statement.

On May 24, 1911, Mr. Benedict was interviewed and he said: "I am pleased to confirm the statement I gave in 1908. Doan's Kidney Pills have been very beneficial to me and have brought me more benefit than any other remedy I ever used. I have been free from kidney trouble and lame back since. You are welcome to use my endorsement at any time you desire."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's and take no other.

A NERVOUS WRECK

Had no Appetite and Was Greatly Reduced in Weight.

Dr. Williams' Pink Pills Restored This Ohio Woman's Health. She Gained in Weight and Eats Heartily Again.

When the nervous system is at fault, we may expect symptoms of the disorder to show in almost every organ of the body for all of these organs are controlled in their activities by the nerves.

"I was all run down in every way," says Mrs. J. M. Barclay, of No. 876 Curtis avenue, Columbus, Ohio, "and was a nervous wreck. I was not confined to the bed except for a day or so at a time, but I had no appetite and was greatly reduced in weight. I was irritable and melancholy all of the time, could not get any rest and my nerves were in such a state that I would have to get up in the night and walk the floor. I suffered in this way for four years and although I had two doctors attend me, neither helped me. Thinking that a change of climate might benefit me I went to visit relatives of my husband in Nova Scotia and they strongly urged me to try Dr. Williams' Pink Pills. I never had much faith in advertised medicines but I got a box of the pills and they commenced to help me at once. I had not taken them a week before I had not got a good night's rest. I kept on taking them and gained in flesh and could eat a hearty meal. I always speak highly of Dr. Williams' Pink Pills for I know they are good for nervous disorders."

Dr. Williams' Pink Pills are the most direct cure for nervous troubles because they remove the cause of these diseases by building up and purifying the blood. The pure blood which they make furnishes the nerves with needed elements until they are restored to their normal strength. The pills have made so many remarkable cures in nervous disorders that no sufferer can afford to neglect giving them a trial.

They can be obtained at any drug store or direct from the Dr. Williams' Medicine Co., Schenectady, N. Y., at 50 cents per box; six boxes for \$2.50. While so promptly effective, Dr. Williams' Pink Pills contain no harmful stimulants or opiates. They are perfectly safe and create no drug habit. Write for a free copy of our new booklet, "Diseases of the Nervous System." The booklet describes symptoms and gives much useful information.

BLOW STRUCK AT PARR

Child Dead, Wife Very Low, as Result

DUE TO ACTIVITY IN CASE

Of Alleged Jewel Smuggling—Two Wealthy Westerners May Be Indicted

Said to Have Aided Mrs. Jenkins in Frauds.

New York, June 27.—Enemies of Richard Parr, foe of smugglers, struck a blow in the dark and Sunday morning when his child was born dead. The mother is hovering between life and death. The tragedy came as the result of a telephone message to Mrs. Parr attacking the integrity of her husband. The mother was struck down just at the time when the attack would prove most effective. Mr. Parr has made many bitter enemies during his employment in the customs service and he is at a loss just now as to who is responsible for the stroke which has turned his house into one of mourning.

Whoever the person, he used the case on which the deputy surveyor now is engaged as the occasion for the attack. Mr. Parr, by direction of the treasury department, has been seeking evidence that the large collection of gems in the possession of Mrs. Helen D. Jenkins was alleged to have been smuggled.

The government is not disposed to deal leniently with Nathan Allen, the multi-millionaire leather manufacturer of Kenosha, Wis., who is charged with aiding Mrs. Jenkins in the alleged smuggling into this country of \$300,000 worth of jewels, was manifested when it became known that an effort will be made to indict not only Mr. Allen, but also John R. Collins, a wealthy coal merchant of Nashville, Tenn., alleged to have been a party to the act. Although Collector Loeb would make no comment, it was ascertained on unquestioned authority that he has placed in the hands of United States District Attorney Wise evidence which will be submitted to the July federal grand jury one week from Wednesday, and will urge that both Allen and Collins be indicted.
